

# TRAINING SERVICES

**CUSTOMER-FOCUSED  
ANALYSIS, DESIGN, DELIVERY  
AND ASSURANCE SERVICES**

Inzpire's training services are integrated, sustainable and cost-effective and are delivered by highly qualified and experienced subject matter experts.

Inzpire's training services team provides military and civilian customers with high quality, complete training services. We pride ourselves on being able to understand your training requirements and flexibly adopt our methodology (Defence JSP 822, Commercial (D)ADDIE and ISO 9001:2015) to deliver for our customers. We have a collaborative approach to defining customer requirements and subsequently implementing iterative and sustainable solutions.

## ANALYSIS

In a world where there is increasing pressure to deliver more with less, Inzpire understands that the number one priority (and challenge) for organisations is accurately defining requirements in order to implement and integrate cost-effective and focused training solutions. Our training experts have conducted analysis for a broad range of customers including the UK Ministry of Defence (MoD), international defence forces, the UK National Cyber and Security Centre, the National Health Service, Network Rail and also Formula 1 racing teams.

### INZPIRE'S ANALYSIS SERVICES INCLUDE:

- Commercial tender process support
- Training management – policy and process development
- Independent scoping exercises
- Training, equipment and system, process and capability needs/requirements analysis
- Independent role and gap analysis
- General consultancy

## DESIGN

Using detailed method and media analysis, we ensure that training objectives are carefully aligned to meet learner needs through providing the optimum blended learning environment and experience.

Our design experience ranges from developing complex multi-national synthetic training exercises involving multiple customers with varying requirements, to small classroom-based modular courses. Regardless of size, all of our training courses are designed specifically for our customer.

### INZPIRE'S TRAINING DESIGN SERVICES INCLUDE:

- Creating full training documentation sets for individual and team training
- Training process development
- Assessment strategies
- Method and media analysis
- Training quality manuals

## DELIVERY

Our training is delivered by highly qualified and experienced trainers and instructors who have taught a wide variety of learners in numerous environments using a broad spectrum of traditional and modern learning methodologies. Inzpire's team of instructors doesn't just deliver information – they facilitate, coach and mentor as standard.

### OUR TRAINING EXPERTISE INCLUDES:

- Qualified training practitioners
- Qualified weapons instructors (multi-disciplines)
- Qualified flying instructors (multi-disciplines)
- Joint fires instructors
- Cyber and counter-terrorism instructors
- Defence engineers

## ASSURANCE

Inzpire's training services experts offer services that can evaluate, review and audit an organisation's training, equipment and processes to ensure they are fit for purpose.

### INZPIRE'S TRAINING ASSURANCE SERVICES INCLUDE:

- **TRAINING EVALUATION.** We will provide experienced evaluators to enable you to enhance your training products.
- **TRAINING AUDIT.** Our training consultancy services will support and carry out internal and external training audits to develop and implement your training audit processes.
- **QUALITY AND CONTINUOUS IMPROVEMENT.** Inzpire's business process mapping, value stream mapping, deming (plan-do-check-act) cycle reviews (summative evaluations) and gap analysis will enhance your quality processes.

Inzpire's training services team prides itself on a reputation of being innovative, reliable and credible and on offering services that are customer centric, highly flexible and of the highest standard. Our offering will ultimately enhance the training solution for military and civilian customers alike.
